**Sub: Successful in manufacturing a Prototype Outlet for a globally renowned retail innovation company.**

Dear Sir/Madam,

We are delighted to announce that one of the leading furniture & fixture companies in the world has associated with Naman In-Store (India) Limited for manufacturing and supplying of furniture and fixtures. They previously relied solely on suppliers from China, but this is the first time they have entered India for their supplies.

They inspected our manufacturing plant, and all the facilities were successfully approved by them given all proper certifications and registrations like Sedex and FSC. We have successfully made a prototype outlet for them tailored to the needs of a globally renowned QSR supply chain. The upcoming visit to our facilities by them signifies a promising future for continued collaboration for supplying furniture and fixtures.

This opens big doors for us to cater to the export market. We are among the first few companies to welcome global retail furniture players to India and we also expect to have a good strategic alliance for exports and become a key player in the international retail manufacturing landscape.

**About Naman In-Store India Limited:**

The company provides display, retail furniture, and fixtures to corporate clients with comprehensive solutions across various retail sectors. Offering end-to-end services from design, and manufacturing to nationwide installation, it integrates all processes seamlessly for an efficient client experience. Its portfolio includes modular furniture for offices, beauty stores, educational institutions, etc. It also designs and manufactures control panels, kiosks, server racks, etc. in industrial segments.
